

Who's taking YOU home tonight?

Make sure your taxi or private hire vehicle is legal

- **A licensed vehicle** will normally display a licence plate (these can be on the front or rear of the vehicle) which will include the licensing authority, the licence number and the vehicle registration
- **A licensed driver** will wear an identity badge (or will display one), which will show the driver's licence number and licensing authority details

Stay Safe

- If you feel uneasy, make a note of the number plate and driver's licence number and text them to a friend or family member
- Sit in the back of the vehicle
- Keep your mobile phone where it is easily accessible
- Report any concerns to our licensing team on **01252 398 855** or email **licensing@rushmoor.gov.uk**

Do NOT use a cab if:

- The driver appears to be under the influence of alcohol
- The driver does not seem to know the local area
- The vehicle seems to be too old for use as a cab
- The vehicle is in a state of disrepair
- You feel uneasy for any reason
