Summary – Due to changes to Rushmoor’s waste and recycling collection service in 2021, the percentage of waste recycled and composted has increased. Rushmoor now has the same recycling rate as England and the third highest recycling rate in Hampshire.

## Recent changes to waste and recycling collection

In October 2021 Rushmoor introduced weekly food waste collection and changed weekly collection of general waste to every two weeks. This has resulted in an increase in the recycling rate.

## Recycling - Household waste recycled and composted (Ex NI 192)

After the introduction of food waste the percentage of waste recycled and composted in Rushmoor has increased. In 2022/23 Rushmoor had a lower recycling rate than the South East but a higher rate than Hampshire and the same rate as England.
