All properties are to be let on affordable rents for a five year assured short hold tenancy (ASTs) which will include a twelve-month starter tenancy.

The aims of the lettings plan are:

- To give Wellesley the best start by developing a mixed and sustainable community
- To ensure a balanced, new community, by including a mix applicant types and household sizes
- To make best use of our social housing stock and to meet the housing needs of the borough
- Create movement in our existing housing stock

For the definition of terms, see the Wellesley Lettings Policy.

Priority

Employment - The lettings plan will aim to achieve that 50% of tenants on first let are to households where the applicant or their partner is in employment.

Tenant History - The lettings plan will aim to ensure that up to 40% of tenants on first let are housing association tenants with a good tenancy history and 40% to be allocated to residents with a good tenancy history and privately renting.

Under occupation - In order to free up a larger housing association properties Rushmoor BC, wish to reserve four 1-bedroom and 2-bedroom flats/house (20%) for an existing housing association tenant to move to a smaller property. Two properties can be allocated to a household who are under occupying and affected by the SSSC as well as meeting the objective of Rushmoor's under occupation scheme.

Overcrowding - In order to assist an overcrowded HA household and to enable movement in our existing stock, preference may be given to existing housing association tenants who have been assessed by Rushmoor BC as lacking a bedroom. Where appropriate the resulting vacancy may be used to achieve a chain let.

Medical and Welfare needs - Applicants moving into one and two bedroom properties may have a range of high, medium and low support needs. A maximum of 20% of applicants with support needs can be included in this accommodation of which;

10% - High
20% - Medium
70% - Low

Where applicants have a support need a support package must be in place for at least 12 months.

Accommodation specific criteria

A child density of 33% (a maximum of 13 children) can be allocated to the two bedroom flats. This gives an overall child density of 42% (83 children) across Corunna Phase B1 and B2.

Consideration should be given to the number of children to adults in individual families as well as the range of child ages to make sure as far as possible that concentrations of high child density and concentrations of children of similar ages are avoided.

Two bedroom Houses (4 person) x 16

Twelve 2-bedroom houses are to be allocated to families with two children or with one child and expecting a child.

The four remaining houses are to be allocated to families with one child or expecting a child.

Three Bedroom Houses (5 person) x 11

Six 3-bedroom houses are to be allocated to families with three children.

The remaining five 3-bedroom houses are to be allocated to families with two children.

Three of the eleven 3-bedroom houses are to be allocated to a family with a need for a 3-bedroom wheelchair compliant property.

Four bedroom houses (6 persons) x 3
