## Let's Crochet UK

“

A lovely exhibition of crochet. Lovely to see how it brought different individuals and communities together.

- Exhibition feedback

Let's Crochet UK, with the help of a community grant of **£935**, ran workshops at Farnborough Grange Junior School and the Westy Nepali Craft group and held a 'Crochetthon' for members of the public. All the work was displayed at the 'Under the Same Blanket' exhibition at The West End Centre.

## Fleet Pond Society

Fleet Pond Society received a grant for **£5,000** to replace the Hemelite Bay pond-dipping platform.

“

The brand new dipping platform at Fleet Pond's Hemelite Bay proved to be one of the highlights of the recent wildlife day event. From its official opening it was packed with families the whole day.” - Cathy Holden

## Mayfield Community Partnership

“ We are lucky to have support and funding for this event. It is free for the community but we still need to pay for the sports coaches and drinks for the volunteers. All the support helps us to put these events on.” - Sue Hathaway

Mayfield Community Partnership received a grant of **£680** from the Uniting Communities fund for their sports festival and fun day.

## Farnborough Rotary Club

Farnborough Rotary Club transformed a derelict site at the Cove Green allotments into a green oasis making gardening available to those with disabilities, with the help of a grant from the Farnborough Airport Community Environment Fund of **£2,000**. Raised flowerbeds, which house an array of plants and vegetables are accessible to wheelchair users.

## About our grants

We offer a variety of grants to voluntary, charitable, sports, arts and youth-related groups and clubs. There are currently four grants available:

- Farnborough Airport Community Environment Fund
- Community grants
- Uniting Communities grants
- Rushmoor Sports Forum grants
