As part of the Equality Act 2010 the Council must prepare and publish one or more specific and measurable equality objectives at least every four years in order to meet the general equality duty.

Equality objective March 2018:

To publish information in a more open and transparent manner to ensure everyone can access services and information

- We will use our website to publish information about our residents and our communities.
- Support community activity, volunteering and local improvements through our network of voluntary organisations and promote them through the Council social media outlets.
- We will carry out Equality Impact Assessments to determine how our proposals will likely affect our residents and we will pay due regard to these impacts when making decisions.
- We will publish our Equality Impact Assessments to show how we have considered the local community where changes are anticipated that may have a potential impact on service users.
