

To the Chairman of the Overview and Scrutiny Committee

Regulation 10 – General Exception Notice – The Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012

Notice of an Urgent Key Decision

On 8th June, 2021 the Cabinet will consider a report on the introduction of a weekly food waste collection service for the residents of the Borough.

This is classified as a key decision, as it is likely to:

Result in the Council incurring expenditure or making savings which are significant in as much as they will have a material effect on the level of council tax or balance or contingencies in relation to the Council's overall budget; and

Be significant in terms of its effects on communities living or working in an area comprising two or more wards within the Borough

Key decisions are required to be included on the Cabinet work programme, which is published at least 28 days before the Cabinet decision. In the case of this report, the Council is making use of the Regulation 10 General Exception procedure where the 28 days' notice is impractical.

Notice of Reasons

The Council is required to state why it is impractical to defer the item to a later meeting:

Work must be started imminently so that, in the event of the Cabinet approving the proposal, the necessary preparatory work can be carried out to enable the implementation of the service changes in Autumn, 2021, as set out in the Report.

In accordance with Regulation 10, this notice will be published on the Council's website and more than five clear days will elapse between the publishing of this notice and the date of decision.

Signed: James Duggin
Head of Operational Services

Date: 27/5/21
