1. INTRODUCTION

This book contains a full set of budgets covering the Council's activities, and is a financial statement of the policies and objectives of the Council for the forthcoming year. The revenue budgets and capital programme are divided into portfolios reflecting the political management structure of the authority.

One of the aims of the book is to give readers a clearer picture of the scope of services provided by Rushmoor Borough Council and their estimated cost. The main elements of the Council's budget are described below together with the impact of financial policies on the Council Tax payers of the Borough.

2. 2016/17 - REVENUE BUDGET

2.1. Analysis of changes in Income and Expenditure Levels

A breakdown of the changes in income and expenditure levels appears on the General Fund Revenue Summary on page 7. The charts on page 3 illustrate how the Council funded its expenditure in 2015/16 and how it expects to meet its expenditure in 2016/17.

Income

Changes in income for 2016/17 include an increase in Rushmoor Borough Council's share of business rates, due to local growth, alongside reductions to central government funding such as the Revenue Support Grant. Further information on 2016/17 Business Rates Collection is on page 10.

The Council Tax increase was set at 1.99%, which has resulted in a rise of £3.66 per annum to £187.73 for a band D property. The rise in Council Tax will mean an additional £110,000 to support Council services in 2016/17. Additional income will also be generated through increased interest receipts resulting from diversification of the Council's investment portfolio and an additional income generated from fees & charges in part due to new income-generating initiatives.

Expenditure

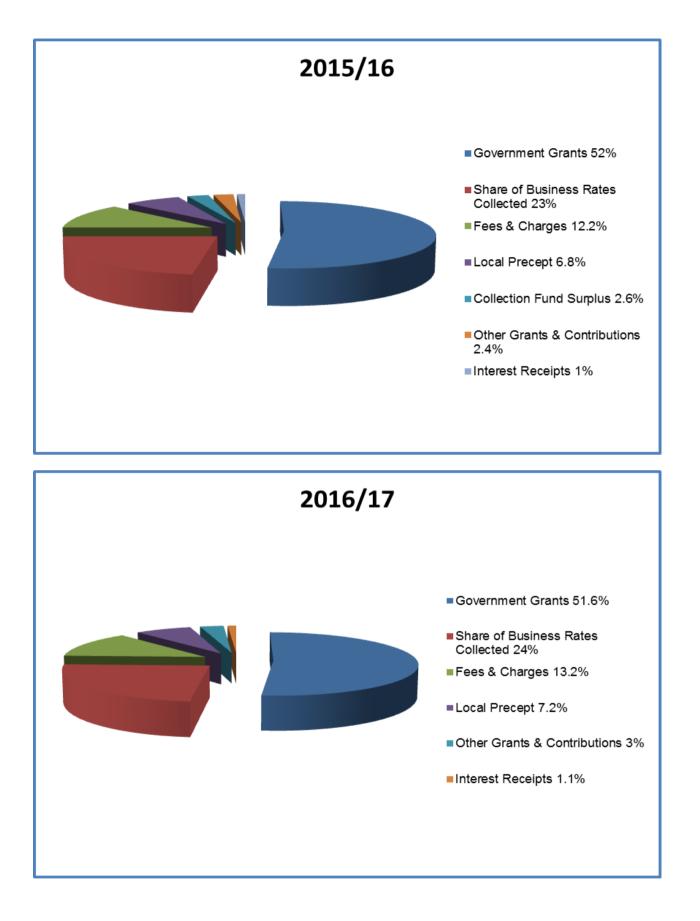

The Council has been developing an approach that moves the organisation towards financial sustainability. This approach is underpinned by the Council's 8- point plan. It is anticipated that the 8-point plan will deliver the budget savings target of £860,000 in 2016/17. This will be a combination of reduced expenditure and new income generation ideas as referred to above.

With the exception of forecast pay and non-pay inflationary increases there are no significant increases from the 2015/16 expenditure budget. The following indices have been used in the 2016/17 budgets:

General Inflation between 0% & 2% Pay Inflation 1.0%

The general inflation factor has only been applied where there is a contractual commitment to its provision, with minimal allowance for inflation elsewhere.

Sources of income used to meet the Council's Gross Expenditure

2.2 MEDIUM TERM FINANCIAL STRATEGY 2015/16 – 2018/19

The Medium Term Financial Strategy is based around five key principles. These are set out below with supporting actions for each principle.

Revenue Expenditure – The Council recognises that it has to target its limited resources to where they are most needed. This is supported by one of the five themes that underpin the Council's purpose: Good Value Services – ensuring good services that represent good value for money. The Council recognizes the need to reduce its net revenue expenditure in the face of reduced funding from central government, economic pressures, local demography and increased demand for services.

- The Council will set a balanced budget each year, reflecting its objectives, priorities and commitments.
- The Council will seek to deliver efficiencies, new income streams and cost reductions based on the key elements of its 8-point plan for delivering financial sustainability;

- There is no presumption that non ring-fenced grants will be spent on the purposes for which they are nominally provided (appropriate business cases to be provided for spending against such grants)
- Regular review of the Council's fees and charges
- The Council will seek to reduce reliance in its revenue budget on uncertain funding streams such as New Homes Bonus.

Capital Expenditure – the Council will only undertake capital investment in support of its priorities and where its supports assets maintenance, invest-to-save schemes to strategic intent (such as regeneration). Capital spending plans, whether funded from internal resources or through borrowing, will be affordable, prudent and sustainable.

□ The Council will develop an asset management strategy that seeks to maximise return on existing Council assets, divest itself of low-performing assets and sets out parameters for investment in property to increase income to the Council.

☐ The Council will set prudential indicators, including borrowing limits, for capital financing through its annual Treasury Management Strategy ensuring any future borrowing is affordable, prudent and sustainable.

➡ The Council will explore opportunities for borrowing as the need arises such as Public Works Loan Board, European Investment Bank, through the Local Enterprise Partnership and the UK's Municipal Bond Agency.

□ The Council will seek alternative forms of funding to use of its internal resources where possible, maximising the use of external resources such as s106 contributions and funding from Local Enterprise Partnerships and exploring private sector funding opportunities where available.

| | The Council will review the estimated level of Revenue Contributions to Capital annually as part of the budget process, the actual level of contribution being dependent on the outturn position each year. Once the Council moves towards borrowing, the contributions to capital will be replaced in the revenue budget by the cost of carrying debt. |
|---------|---|
| | Capital receipts from the sale of assets will be used to meet future corporate priorities rather than be retained for use by the service that has relinquished the asset |
| | Resources allocated to particular capital projects but subsequently not required are returned to meet future corporate priorities rather than be retained for use by that service |
| | No new capital schemes are included in the programme without the necessary resources to meet the full capital costs and any on-going Revenue costs being in place. |
| | All new capital schemes are subject to the bid process for inclusion in the Capital Programme, which requires whole life costing for new bids for the current revised budget and for the upcoming year. Indicative bids are required for future years in order to have a picture of capital spending over the medium term but these later projects will require business cases and further approval as they come forward. New capital schemes brought forward in-year are supported by business cases and reported to DMB and Cabinet in line with current financial regulations. |
| weather | s - the Council will maintain a reasonable level of usable reserves to enable it to the volatility of its funding position and to support invest-to-save schemes as part of its duce net revenue costs. |
| | The Council will maintain its General Fund balance between £1 million and £2 million. |
| | In addition, the Council will maintain other usable reserves (E.g. Stability & Resilience Reserve/Service Improvement Fund) to provide a buffer against fluctuations in income and expenditure and to support invest-to-save schemes. The estimated level of these usable reserves (including the General Fund Balance) at the close of 2015/16 is ± 5.5 million, which is around 6.5% of the Council's gross expenditure. The Council will aim to maintain a minimum level of reserves at 5% of gross expenditure, while recognising that the figure may go up or down, adjusting to short-term pressures within the revenue budget principally as a result of the operation of the Business Rates Retention Scheme. |
| | Reserves are not used to meet on-going, unsustainable levels of expenditure but may be used in the short-term in conjunction with plans to reduce net revenue costs over the medium-term |
| | Regular review of all reserves in order to: |
| | Maintain and replenish funds which will be used to mitigate the substantial risks identified over the medium term |
| | Maintain reserves to support the provision of major projects, invest-to-save schemes or service reviews in order to support the work of the 8-point plan as referred to above |
| | Release those reserves which are no longer required due to changing circumstances |
| | The Council will annually review the level of earmarked reserves it sets aside to mitigate against known risks or future liabilities, to ensure that the level of those reserves remains appropriate, returning balances no longer required to the General |

Fund.

Governance and Performance - the Council will monitor the delivery of its financial strategy and performance against savings requirement, adjusting the plans to meet changing demands. This will be achieved by:

| Annual review of key strategies such as Medium Term Financial Strategy and Treasury Management Strategy, with updates to relevant Committees, Policy and Review panels and Cabinet as appropriate. |
|--|
| Continuous improvement of governance and project management of key programmes and projects, ensuring benefits of invest-to-save projects are realised. |
| Ensuring that the Council's budgets, financial records and accounts are prepared and maintained in line with accounting standards, CIPFA Code of Practice on Local Government Accounting, the CIPFA Prudential code and relevant sections of the Council's Constitution and Financial Regulations. |
| Timely budget and performance monitoring arrangements (through budget monitoring and quarterly performance monitoring reports). |
| Preparation of financial plans to cover a four-year period, including revenue and capital expenditure, Tax bases and Council Tax Support Scheme. |
| Budget guidelines are maintained and reviewed annually by the Council's s151 officer. |
| New spending plans are considered only if they make a clear contribution to the Council's objectives and priorities or meet new statutory responsibilities. |
| Ensuring proposals for significant projects and changes are set out in an appropriate business case to assess the impact on the Council. |
| ncil will seek out opportunities to work with partners to maximise outcomes for our a, explore access to funding and maximise the shared benefits of joint working. |

The Council will explore joint working opportunities or shared services where they add benefit to the Council or its residents with partners including (but not exclusive to):

- o County Council
- Police
- Fire and Rescue Authority
- Other Local Authorities
- Local Enterprise Partnership
- Voluntary and Community Sector
- Private Sector

The Council will seek to maximise the financial benefit and security of any potential devolution deal with government.

□ The Council will seek to optimise external funding opportunities to defray cost of services and capital investment or to increase available resources.

2.3 2016/17 General Fund Revenue Budget Summary

The Borough Council's revenue budget is detailed on a service and activity basis in the body of the budget book but can be summarised as shown on the next page:

GENERAL FUND REVENUE BUDGET SUMMARY

2.4 Explanation of Budget Summary

Lines

- 1-6 These lines show the net budget for each Council portfolio. They represent an estimate of the cost of providing the service less any income due to that service in terms of fees and charges or specific grants received from the Government or other bodies.
- 7 Total net expenditure on portfolios.
- 8-9 These lines reverse the accounting entries contained within portfolio net expenditure that relate to capital accounting charges and accounting for pensions and other post-employment benefits.
- 10 Net expenditure after adjustments.
- 11–12 These figures show the level of savings required during the year in order to achieve a balanced budget and an appropriate level of revenue balances at the year-end.
- 13 This line represents income and expenditure that cannot be attributed to a specific portfolio but relates to the Council as a whole, such as investment income and any surplus or deficit generated from administration of the allocation fund for both Business Rates and Council Tax.
- 14 The figure identified here represents appropriations and provisions again relating to the Council as a whole, such as use of grants to support the provision of services, or to set aside funds for invest-to-save schemes or the improvement of services, or to provide against known risks to the financial position.
- 15 This line represents all central government funding not attributed to a specific portfolio but used to support the provision of services as a whole. This includes the New Homes Bonus, Revenue Support Grants and funding from Business Rates.
- 16 This is the total net expenditure (sum of lines 10 to 15).
- 17 This is the contribution to or from the Council's General Fund reserve to aid in funding net total expenditure whilst maintaining a high level of service provision.
- 18 After taking account of the contributions to or from revenue reserves, the Council Tax Requirement represents the total amount left to be met by local taxpayers in the form of Council Tax.
- 19-21 Shows the Council's Revenue Balances after taking account of contributions to or from the General Fund.

2.5 Budget Outcome

In spite of a challenging funding environment, the uncertainties about government funding and the pressures on services, the Council has been able to prepare a sound and balanced budget whilst maintaining services to residents. The budget will also provide a platform for Rushmoor to address future challenges.

The budget adheres to the financial strategy approved by Council on 10^{th} December 2015. This includes the principle of maintaining the Council's general revenue balances within a range of £1m - £2m and its overall working balances at 5% gross expenditure while working towards a sustainable financial position and reducing the net cost of the services it provides. These reserves will be used to mitigate against known risk and support invest-to-save schemes, service reviews and the implementation of key projects.

In order to achieve this, the budget proposals will require the implementation of budget savings of £0.86m in 2016/17, together with further savings over the medium term. This will require reductions in the Council's service expenditure, and increased income generation, which will continue to be addressed via the 8-point plan.

2.6 Revenue Funds

In addition to the General Fund Balances shown in paragraph 2.3, the Council maintains two key reserves to support revenue spending as follows: -

| Reserve | Purpose | Estimated Balance 1 st April 2016 £'000 |
|-----------------------------------|--|---|
| Service Improvement Fund | To assist in meeting the one-off costs of implementing savings and efficiencies | 477 |
| Stability & Resilience Reserve | Represents amounts set-aside to mitigate against the effects of volatility in the Council's financial position | 3,379 |

The Council also maintains reserves to mitigate against known risks. For example, an insurance reserve held against the potential insolvent runoff of its previous insurer Municipal Mutual Insurance Ltd.

Other reserves include monies received from developers for the maintenance and upkeep of amenity areas and Suitable Alternative Natural Greenspace (SANGs) alongside other grants and contributions that are held for use in future periods.

2.7 Council Tax in 2016/17

The table below shows the Council Tax payable on properties within the various bands. It comprises a charge from Rushmoor Borough Council together with charges from Hampshire County Council, the Police and Crime Commissioner for Hampshire and the Hampshire Fire and Rescue Authority.

| Valuation Band | Factor | Rushmoor Borough Council | Hampshire CC – Adult Social Care | Hampshire County Council | Hampshire Police & Crime | Hampshire Fire Authority | Total |

Following the 2015 spending review, Government announced that those authorities responsible for delivering Adult Social Care Services could increase their share of the Council Tax by an additional 2%, with this additional income being spent exclusively on supporting the delivery of Adult Social Care services.

Property Analysis as at 24th March 2016: -

3. SUMMARY OF TOTAL OPERATIONS

Given below is a summary of total operations by the Council for 2016/17: -

| | | General Fund £000 |
|---------------------|--|-------------------------|
| | Gross Expenditure (including the £15.305m tariff payable on the Rushmoor's share of Business Rates collected) | 79,151 |
| Less : Income | Government Grants (including Housing Benefits Subsidy, New Homes Bonus and Revenue Support Grant | (40,845) |
| | Rushmoor's share of Business Rates collected | (19,018) |
| | - Fees & Charges | (10,411) |
| | - Other Grants & Contributions | (2,363) |
| | - Interest Receipts | (850) |
| | Council Tax Requirement | <u>5,664</u> |
| Capital Expenditure | | 8,802 |

Hampshire County Council is responsible for the delivery of Adult Social Care and has elected to increase their share of the Council Tax by 2% for Adult Social Care as well as an increase to their normal Council Tax of 1.99%. This means a total increase for Hampshire County Council of 3.99%.

Adult Social Care is detailed as a separate precept and included separately in the table.

Rushmoor's own Council Tax has increased by 1.99%, and is now £187.73.

This is the first increase for Rushmoor since 2010/11 despite increasing pressures on costs and higher demand for services. This year the government has made significant reductions to our funding and has included an assumption that all authorities will increase their Council Tax, which further reduces the level of grant provided.

The Police and Crime Commissioner for Hampshire and the Hampshire Fire Authority have each decided on a 1.99% increase.

All these increases amounts to an overall 3.4% increase on a 2016/17 Band D bill.

The Council Tax base (the number of Band D equivalent properties) is £30,172.66

2.8 National Non-Domestic Rates in 2016/17 (Business Rates)

Under the Business Rates retention arrangements introduced from 1 April 2013, local authorities keep a proportion of the business rates paid locally. It is estimated that in 2016/17, the Council will collect £47m in Business Rates, which will be shared between central government, Rushmoor Borough Council and Hampshire County Council (including Fire Authority) in the following proportions 50:40:10. Rushmoor's 40% share will then be subject to a Tariff payment to central government. The Council also receives grants to cover additional rate relief. After adjusting for the above the total amount expected to be retained by Rushmoor in 2016/17 is around £3.1m.

The National Non-Domestic Rate (NNDR) multiplier has been set by central government at 49.7p with a smaller multiplier of 48.4p for occupied properties with a rateable value of less than £18,000.

The amount each ratepayer has to pay depends on the rateable value of the property. All rateable values were re-assessed during 2008 and 2009. The revised rateable values came into effect on the 1st April 2010. There are transitional arrangements to cushion the impact of any changes made from previous rateable values.

The amount of rates payable can also be reduced for a number of other reasons. These include empty property relief; various property exemptions; unoccupied newly built property relief; partly occupied relief; small business relief; Charity and Community Amateur Sports Club relief, hardship relief and relief for organisations not established or run for profit. Full details are available from the Business Rates team on 01252 398331.

4. CAPITAL EXPENDITURE AND FINANCE

4.1 Legislative Framework

As from 1st April 2004 the Capital Finance and Accounting Regulation 2003 came into force. These regulations replaced the credit approval system for borrowing to fund capital expenditure with a self-regulating framework for borrowing based on affordability. These controls relate mainly to those local authorities which, unlike Rushmoor, need to borrow in order to finance their capital expenditure.

The main funding components for capital expenditure are :-

- Government Grants & Contributions
- Capital Receipts
- Revenue Contributions to Capital
- Section 106 Developers Contributions
- Other Grants & Contributions e.g. Lottery grants

4.2 Capital Programme

The capital programme contributes towards the Council's priorities by concentrating resources in the following areas:

Projects with a clearly defined financial return or economic benefit to the Borough

- Invest to save schemes
- Town Centre Regeneration

Projects which support the delivery and development of core services

- Asset maintenance
- □ ICT strategy

The most significant project in 2016/17 is Activation Aldershot, which brings together a number of projects supporting infrastructure to link the Wellesley development and town centre alongside other town centre improvements.

The programme also includes support for the provision of local Housing through social housing grants and the Council's statutory duties in respect of Disabled Facilities Grants.

4.3 Capital Strategy

The Council has made the decision to use part of its accumulated capital receipts in order to help to support its capital programme. The element of the capital programme that is financed from revenue has been agreed in the budget at £750,000 for 2016/17 and 2017/18.

5.0 BUDGET CONCLUSIONS

The Council has once again had to operate within tight financial constraints, careful financial planning and budget setting has enabled a sound and balanced budget to be prepared, which maintains services to residents.

At the same time the Council's corporate plan, incorporating the 8 point plan has been revised to enable reductions in spending and improvements to services, which will continue to be developed over the medium term.
