Rushmoor Council Business Plan

April 2020 to March 2023

Welcome

We are in challenging times, the like of which none of us has experienced before. The coronavirus pandemic will continue to have an impact on us all for some time to come. Rushmoor Borough Council has been working, and will continue to work, to protect our residents and local businesses and to help to make sure Rushmoor returns to being the place we are accustomed to living. Planning and implementing plans for recovery and the restoration of services will be key. This aspiration for recovery will only be delivered by working well with our residents, businesses and partners. Much of how we serve our local community must continue and the challenge is, in part, how we can best do this by adapting to our new situation. Valuable work has already been done, but more will be needed. In this updated Council Business Plan, we are setting out what we, as a Council, are committed to do over the next three years as our part in making sure that the vision for the borough - Your Future, Your Place – still becomes a reality by 2030. This plan identifies the key actions we will be taking and demonstrates how we plan to listen, learn and deliver - better. These commitments focus on four themes:
