(5) Subsections (3) to (5) of section 11 (terms of compensation on refusal of licence) of the Forestry Act 1967 shall apply to the assessment of compensation under paragraph (3) as it applies to the assessment of compensation where a felling licence is refused under section 10 (application for felling licence and decision of Commissioners thereon) of that Act as if for any reference to a felling licence there were substituted a reference to a consent required under this Order and for the reference to the Commissioners there were substituted a reference to the authority.

Dear Sir/Madam,

**TOWN & COUNTRY PLANNING ACT 1990
TOWN & COUNTRY PLANNING (TREES) REGULATIONS 1999**

**Re: Revocation Order (TPO) No. 74 and replacement Tree Preservation Order No. 380,
Trees within the grounds of Concept House, 250 Farnborough Road, Farnborough,
Hampshire. 2005.
Rushmoor Borough Council**

The Government has advised all Councils to review their older Tree Preservation Orders (TPOs) and in particular those that include trees protected by Area designation. This is because significant changes may have occurred in the years since the original TPO was served and so the TPO is likely to now be out of date. In most cases the process is best served by Revoking (removing) the old Order and replacing it with a new up to date Tree Preservation Order. As an affected party with protected trees on or adjoining your land, I am writing to let you know that following a recent tree survey, we have decided that TPO No.74 should be revoked because it no longer adequately reflects the current situation in respect of trees protected by this order and those having grown up since.

THIS IS A FORMAL NOTICE

1. that on 9th June 2005 the Council revoked Tree Preservation Order No. 74. A copy of the Revocation Order along with the map of the old order is enclosed.
2. and that on 9th June 2005 the Council made a replacement Tree Preservation Order No. 380. (The law requires TPOs to be served on the land on which the tree is situated and any land adjoining thereto).

A copy of the new Tree Preservation order is enclosed. In simple terms, it prohibits anyone from cutting down, topping or lopping any trees described in the First Schedule and shown on the map without the Council's consent.

visit our website at **www.rushmoor.gov.uk**

Some explanatory guidance on tree preservation orders is given in the enclosed leaflet, *Protected Trees: A Guide to Tree Preservation Orders*, produced by the Office of the Deputy Prime Minister.

The Order was considered necessary to give the Council the opportunity to offer guidance should any work ever be required to these visually prominent trees.

The order took effect, on a provisional basis on 9th June 2005. It will continue in force on this basis for a further 6 months or until the order is confirmed by the council, whichever first occurs.

The Council will now consider whether the order should be confirmed, that is to say, whether it should take effect formally. Before this decision is made, the people affected by the order have the right to make objections or other representations about any of the trees, groups of trees or woodlands covered by the order.

If you would like to make any objections or other comments in respect of the new Tree Preservation Order, please make sure we receive them in writing by **15th July 2005**. Your comments must comply with regulation 4 of the Town & Country Planning (Trees) Regulations 1999, a copy of which is provided at the end of this notice. Please send your comments to the Conservation Section at the Council Offices. All valid objections and representations are carefully considered before a decision on whether to confirm the order is made.

The Council will write to you again when a decision has been made. In the meantime, if you would like any further information or have any questions about this letter, please do not hesitate to contact me on 01252 398 737.

Yours sincerely

I write to clarify the situation with regard to the status of the tree protection at the Concept House site.

The recently served TPO 380 provides protection for the trees on the Concept House site, as identified in schedule 1 of the Order.

TPO 45 no longer provides protection for any of the trees or tree groups on this particular site. I enclose a copy of the title page and relevant parts of schedule 1 and the map for your information, which you may wish to append to your copy of TPO 380.
