GUIDANCE FOR APPLICANTS

Application for a premises licence under the Licensing Act 2003

1. Making an Application & Applicant Eligibility

An applicant **must** ordinarily apply to the licensing authority in whose area the premises are situated.

Only the following may apply for a premises licence. No individual may apply unless (s)he is aged 18 years or over, and has the right to work in the UK.

- ◆ A person who carries on or proposes to carry on, a business which involves the use of the premises to which the application relates for one or more licensable activities;
- ◆ A person who makes the application pursuant to any statutory function which they discharge and which relate to the licensable activities;
- ◆ A person who makes the application pursuant to any function which they discharge by virtue of the Queen's prerogative;
- ◆ A recognised club;
- ◆ A charity;
- ◆ The proprietor of an educational institution;
- ◆ A health service body;
- ◆ The chief officer of police.

For all applications for a premises licence, the following documents and submissions **must** be provided. Please note that unless otherwise stated, all documents **must** be original, as photocopies will **NOT** be accepted.

Please note that applications that do not meet the criteria detailed above may be deemed invalid and/or rejected.

2. Application Form

For all first time applications for a premises licence, the application **must** be made on the prescribed form (See schedule 2 of the Licensing Act 2003 (Premises Licences and Club Premises Certificates) Regulations 2005 (Statutory Instrument 2005 No.42)).

This will need to be accompanied by a photocopy of a document showing your right to work in the UK e.g. British / EU passport, Visa

3. Operating Schedule

An operating schedule is a document that must include all the information necessary to enable any responsible authority or interested party to assess whether the steps to be taken to promote licensing objectives are satisfactory. The form of an operating schedule is provided within the application form and **must** be completed.

In particular, an operating schedule **must** include a statement of the following matters:

- ◆ The relevant licensable activities;
- ◆ The times during which it is proposed that the relevant licensable activities are to take place;
- ◆ Any other times during which it is proposed that the premises are to be open to the public;
- ◆ The period the applicant wishes the licence to have effect;
- ◆ Information in respect of the individual whom the applicant wishes to have specified in the Premises Licence as the premises supervisor (only where the licensable activities include the supply of alcohol);
- ◆ Where the licensable activities include the supply of alcohol, whether the supplies are proposed to be for consumption on or off the premises (or both);
- ◆ The steps which it is proposed to take to promote the licensing objectives; and
- ◆ Any other matters that may be prescribed etc.

In preparing an operating schedule, it is recommended that applicants be aware of the expectations of both the licensing authority and the responsible authorities about the steps that are necessary for promoting the licensing objectives.

In doing this, applicants should have regard to the statement of licensing policy published by the licensing authority and are advised to seek the views of the key responsible authorities before formally submitting their application(s).

Applicants should be aware that the steps they set out in their operating schedule to promote the licensing objectives will normally translate directly into the conditions that will be attached to their premises licences (if issued).

As such, the steps to be taken should be both realistic and within the control of the applicant and management of the premises. If a licence is granted with conditions attached requiring the implementation of such steps, the conditions will be enforceable in law and it will be a criminal offence to fail to comply with them.

4. Consent of Designated Premises Supervisor

In the case of an application for a premises licence which relates to the sale/supply of alcohol, the consent of the individual who the applicant wishes to have specified as the premises supervisor in the licence **must** be provided.

This **must** be in the prescribed form (See part A of schedule 11 of the Licensing Act 2003 (Premises Licences & Club Premises Certificates) Regulations 2005 (Statutory Instrument 2005 No.42)).

5. Plan(s) of the Premises and/or Land

All applications for the grant of a premises licence **must** be accompanied by a plan of the premises to which the application relates. The plan of the premises **must** be drawn in the standard scale 1:100 and **must** show the following features:

- (a) The extent of the boundary of the building, if relevant and any external walls of the building and, if different, the perimeter of the premises;
- (b) The location of points of access to and egress from the premises;
- (c) The location of escape routes from the premises;
- (d) The area within the premises to be used for each licensable activity;
- (e) Fixed structures (including furniture) or similar objects temporarily in a fixed location which may impact on the ability of individuals on the premises to use exits or escape routes without impediment;
- (f) Where appropriate, the location and height of any stage or raised area relative to the floor;
- (g) Where appropriate, the location of any steps, stairs, elevators or lifts;
- (h) Where appropriate, the location of any room or rooms containing public conveniences;
- (i) The location and type of any fire safety and any other safety equipment; and
- (j) The location of a kitchen, if any, on the premises.

Plans may include a legend through which the matters referred to above are sufficiently illustrated by the use of symbols on the plan.

Colour Coding of Plans

In order to ensure clarity, it is recommended that plans together with the prescribed features that they contain be colour coded and contain a suitable legend. For consistency, applicants are requested to colour code their plans in accordance with the following:

- i) The extent of the boundary of the building and any external and internal walls of the building and, if different, the perimeter or the premises to be **edged in black**.
- ii) The location of entrances exits and escape routes to be **edged in green**.
- iii) Fire safety and other safety equipment to be **edged in red**.
- iv) The location of licensable activities:
