## Deprivation breakdown

The Government's Index of Multiple Deprivation (IMD) 2019 provides a relative deprivation score for each small area in England, it covers a range of economic, social and housing issues. The overall score is calculated using data from seven domains. Most of indicator data has come from 2015 and 2016 and some of the data is from the 2011 Census. The Indices of Deprivation cover geographical areas that are called Lower-layer Super Output Area level (LSOA), of which there are 32,844 in the country. There are a total of 58 LSOAs in Rushmoor.

Unfortunately, LSOAs and the council's wards do not exactly line up. In Rowhill ward there are all or part of five LSOAs. The following map shows the number of the LSOAs in Rowhill ward and the approximate percentage of the LSOA in the ward. Each LSOA is ranked in order against all other LSOA in the country, where 1 is the most deprived and 32,844 is the least deprived.
